Re: Application to Cease Public Phone Box Services being provided by the Guyana Telephone and Telegraph Company

Currently, GT&T has thirty-six (36) public call boxes in operation throughout the country. We wish to advise the Commission, that for the year 2017, GT&T public boxes generated a total revenue of One Million, Eight Hundred and Fifteen Thousand One Hundred and Seventy Two (GYS 1,815,172.00) while we incurred a total cost of Ten Million, Seven Hundred and Thirteen Thousand (GYS 10,713,000.00) for maintaining the said public call boxes. Based on our License, any public call box service is considered impracticable if the minimum figure of Fifty Thousand Guyanese Dollars (GY\$50,000.00) is not achieved in any period of twelve months. Be that as it may, GT&T is operating at a loss of Eight Million Eight Hundred and Ninety- Seven Thousand Eight Hundred and Twenty-Eight Dollars (GY\$8,897,828.00).

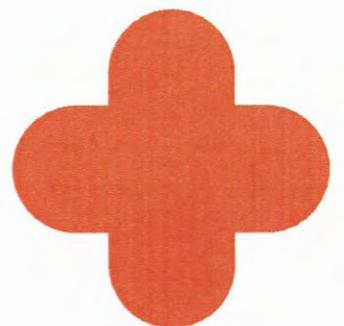

Further, we will comply with Clause 11.4 of our License which requires that on each Phone Booth we will prominently display the reasons for ceasing to operate the Phone Booth and must provide the requisite notices within the twenty-eight (28) days stipulated period by the terms of GT&T's licence.

In light of the forgoing, we welcome the opportunity to present the information to the Commission at your convenience. For expediency, as GT&T is to appear before the Commission on October 24, 2018, we are also writing to enquire as to whether the Commission would be minded to hear arguments regarding this application at that time.

Sincerely,

Mark Reynolds
