

November 15, 2018

Mr. Vidiahar Persaud
Secretary/Legal Officer
Public Utilities Commission
106 New Garden Street
Queenstown

Dear Mr. Persaud:

Re: Application to Case Public Phone Box Service being provided by the Guyana Telephone & Telegraph Company Limited

Further to our letters of October 16 and 22, 2018, and yours of October 19 and 30, 2018, we ask that the Commission be guided by the terms of our License Condition 11: Public Call Box Service Clause 11.2 (b), pertaining to the record of revenue which states:

The Revenue from the services provided at that Call Box in any period of twelve months ending not more than six months before the cessation has fallen below the Minimum Figure applying to that Call Box or Call Boxes of that description and the Licensee is not entitled to receive the difference between the Revenue and that Figure from any other person:

As such, we ask that the Commission be guided by the records of our revenue submitted in our letter of October 22, 2018, since we have met the requirements of the period of twelve months not more than six months before the cessation of Public Phone Box.

Further to your request, please see attached the maintenance cost for each phone booth for the year 2017. This is in keeping with the similar period of revenue requirement for making an application to cease the service. We are also pleased to submit the revenue generated from Public Phone Box for the period January 2018 to October 2018. As we had indicated to the Commission earlier, there is a highly noticeable significant disparity between revenue earned from Public Phone Box Service and maintenance cost for same. GT&T had been seriously considering terminating this service.

In light of the foregoing, we request that the Commission consider our position and we look forward to the hearing in presenting our position.

Sincerely,

A handwritten signature in black ink, appearing to be 'Mark Reynolds', written over a horizontal line.

Mark Reynolds
Director, Legal & Regulatory Affairs
GTT+
